<sup>1</sup> Issued in July, 2007.

## Introduction

1. This Preface to the Standards on Quality Control, Auditing, Review, Other Assurance and Related Services has been issued to facilitate understanding of the scope and authority of the pronouncements of the AASB issued under the authority of the Council of the Institute of Chartered Accountants of India (the ICAI).

2. The ICAI is committed to the goal of enabling the accountancy profession in India to provide services of high quality in the public interest and which are accepted worldwide. To further this goal, the ICAI develops and promulgates technical Standards and other professional literature. The ICAI being one of the founder members of the International Federation of Accountants (IFAC), the Standards developed and promulgated by the AASB under the authority of the Council of the ICAI are in conformity with the corresponding International Standards issued by the International Auditing and Assurance Standards Board (IAASB), established by the IFAC. The "Due Process" of the AASB for formulation of Standards, Statements, Guidance Notes and its other pronouncements is given in the Appendix to this Preface.

### Standards Issued by AASB Under the Authority of the Council of ICAI

3. The following Standards issued by the Auditing and Assurance Standards Board under the authority of the Council are collectively known as the Engagement Standards:

- (a) Standards on Auditing (SAs), to be applied in the audit of historical financial information.
- (b) Standards on Review Engagements (SREs), to be applied in the review of historical financial information.
- (c) Standards on Assurance Engagements (SAEs), to be applied in assurance engagements, other than audits and reviews of historical financial information.
- (d) Standards on Related Services (SRSs), to be applied to engagements involving application of agreed-upon procedures to information, compilation engagements, and other related services engagements, as may be specified by the ICAI.

4. Standards on Quality Control (SQCs), issued by the AASB under the authority of the Council, are to be applied for all services covered by the Engagement Standards as described in paragraph 3 above.

### *Preface to SQC, Auditing, Review and Other Services*

Assurance Standards Board under the authority of the Council is given as Annexure to this Preface.

#### Standards on Auditing

5. The Standards on Auditing (SAs) referred to in Paragraph 3(a) above are formulated in the context of an audit of financial statements by an independent auditor. They are to be adapted as necessary in the circumstances when applied to audits of other historical financial information. The authority of SAs is set out in SA 200<sup>2</sup>.

#### Standards on Quality Control

6. SQCs are written to apply to firms<sup>3</sup> in respect of all their services falling under the Engagement Standards issued by the AASB of ICAI. The authority of SQCs is set out in the introduction to the SQCs.

#### Other Standards

7. The other Engagement Standards identified in paragraph 3 (b) to (d) as well as Standards on Quality Control referred to in paragraph 4 contain basic principles and essential procedures (identified in bold type lettering and by the word "should") together with related guidance in the form of explanatory and other material, including appendices. The basic principles and essential procedures are to be understood and applied in the context of the explanatory and other material that provides guidance for their application. It is therefore necessary to consider the entire text of a Standard to understand and apply the basic principles and essential procedures. Appendices, which form part of the application material, are an integral part of a Standard. The purpose and intended use of an appendix are explained in the body of the related Standard or within the title and introduction of the appendix itself. An individual Standard should be read in the context of the objective stated in the Standard as well as this Preface. Any limitation of the applicability of a specific Standard is made clear in the Standard itself.

#### Statements on Auditing

8. Statements on Auditing are issued with a view to securing compliance by professional accountants on matters which, in the opinion of the Council, are critical for the proper discharge of their functions. Statements are, therefore, mandatory.

---

<sup>2</sup> SA 200, "Overall Objectives of the Independent Auditor and the Conduct of an Audit in Accordance with Standards on Auditing".

<sup>3</sup> The term "firm" refers to a sole practitioner/proprietor, partnership, or any such entity of professional accountants, as may be permitted by law.

## General Clarifications

9. General Clarifications are issued by the Board under the authority of the Council of the Institute with a view to clarify any issues arising from the Standards. General Clarifications are mandatory in nature.

## Professional Judgment

10. The nature of the Standards/Statements/General Clarifications requires the professional accountant<sup>4</sup> to exercise professional judgment in applying them.

## Authority Attached to Other Standards, Statements on Auditing and General Clarifications

11. It is the duty of the professional accountants to ensure that the Standards/Statements/General Clarifications are followed in the engagements undertaken by them<sup>5</sup>. The need for the professional accountants to depart from a relevant requirement is expected to arise only where the requirement is for a specific procedure to be performed and, in the specific circumstances of the engagement, that procedure would be ineffective. If because of that reason, a professional accountant has not been able to perform an engagement procedure in accordance with any Standard/Statement/General Clarification, he is required to document how alternative procedures performed achieve the purpose of the procedure, and, unless otherwise clear, the reasons for the departure. Further, his report should draw attention to such departures. However, a mere disclosure in his report does not absolve a professional accountant from complying with the applicable Standards/Statements/General Clarifications<sup>6</sup>.

12. There may be a situation where a matter is covered both by a Standard as also by a Statement on Auditing. In such a situation, the Statement shall prevail

---

<sup>4</sup> The term "professional accountant" refers to a member of the Institute of Chartered Accountants of India.

<sup>5</sup> Members' attention is invited to Clause 5 of Part I of the Second Schedule to the Chartered Accountants Act, 1949, according to which a chartered accountant in practice shall be deemed to be guilty of professional misconduct, if he fails to disclose a material fact known to him which is not disclosed in a financial statement, but disclosure of which is necessary in making such financial statement where he is concerned with that financial statement in a professional capacity. Further Clause 7 of Part I of the Second Schedule to the Chartered Accountants Act, 1949 states that a chartered accountant in practice shall be deemed to be guilty of professional misconduct, if he does not exercise due diligence, or is grossly negligent in the conduct of his professional duties.

<sup>6</sup> Attention of the members is also drawn to Clause 9 of Part I of the Second Schedule to the Chartered Accountants Act, 1949, whereby, a member is deemed to be guilty of professional misconduct if he fails to invite attention to any material departure from the generally accepted procedures of audit applicable to the circumstances.

### *Preface to SQC, Auditing, Review and Other Services*

till the time the Standard becomes mandatory. Once a Standard becomes mandatory, the concerned Statement or the relevant portion(s) thereof will automatically be withdrawn.

### Guidance Notes

13. Guidance Notes are issued to assist professional accountants in implementing the Engagement Standards and the Standards on Quality Control issued by the AASB under the authority of the Council. Guidance Notes are also issued to provide guidance on other generic or industry specific audit issues, not necessarily arising out of a Standard. Professional accountants should be aware of and consider Guidance Notes applicable to the engagement. A professional accountant who does not consider and apply the guidance included in a relevant Guidance Note should be prepared to justify the appropriateness and completeness of the alternate procedures adopted by him to deal with the objectives and basic principles set out in the Guidance Note.

### Technical Guides, Practice Manuals, Studies and Other Papers Published by the Auditing and Assurance Standards Board

14. The Board may also publish Technical Guides, Practice Manuals, Studies and other papers. Technical Guides are ordinarily aimed at imparting broad knowledge about a particular aspect or of an industry to the professional accountants. Practice Manuals are aimed at providing additional guidance to professional accountants in performing audit and other related assignments. Studies and other papers are aimed at promoting discussion or debate or creating awareness on issues relating to quality control, auditing, assurance and related service, affecting the profession. Such publications of the Board do not establish any basic principles or essential procedures to be followed in audit, review, other assurance or related services engagements, and accordingly, have no authority of the Council attached to them.

### Material Modifications to the Preface to International Standards on Quality Control, Auditing, Review, Other Assurance and Related Services

#### Addition

This Preface deals, apart from the Standards, with the Statements on Auditing and the General Clarifications as the mandatory documents for use by the professional accountants in performing engagements by them, whereas, the

Preface issued by the IAASB does not deal with such aspects. Further, the nomenclature of International Auditing Practice Statements (IAPSs) referred in the Preface issued by the IAASB has been changed to Guidance Notes in this Preface.

#### Deletion

The Preface issued by the IAASB provides to include, in appropriate cases, additional considerations specific to public sector entities within the body of the Standard. However, since the Standards, Statements, General Clarifications and Guidance Notes issued by the ICAI are equally applicable in case of all engagements, irrespective of the form, nature and size of the entity, this Preface does not deal separately with the public sector perspective.
